

## **Press Release**

HSM® presents comprehensive product portfolio at Warsaw Industry Week 2024

*Georgensmünd, 17 October 2024* - HSM Stahl- und Metallhandel GmbH will be represented at the Warsaw Industry Week in Poland from 5 to 7 November 2024. As one of the leading suppliers of high-performance materials, we are looking forward to presenting our broad product range and our expertise as a system provider to an international audience.

### **Comprehensive expertise in the field of high-performance materials**

Our company specialises in the provision of high-quality steel and metal products. We have established ourselves as a reliable partner, particularly in the field of high-performance materials. HSM® offers customised solutions for industries such as mechanical engineering, plant engineering, aerospace, medical technology and the automotive industry

### **Focus on system providers: More than just a steel trader**

In addition to our comprehensive range of materials, we position ourselves as an integrated system provider. These additional services clearly set us apart from the competition:

Drawing parts: Precisely customised components for the highest demands

Tests and approvals: Acceptance test certificates, TÜV approvals, material with special approvals or even material tests.

Customised packaging solutions: Customised packaging that enables safe transport and easy receipt of goods.

Specialised logistics solutions and services: Efficient and flexible services to optimise customer processes.

‘Our strength lies not only in supplying our customers with high-quality materials, but also in supporting them in their procurement process with additional services and intelligent solutions,’ explains Hans Kührlings, Head of Purchasing at HSM®.

Visit us at Warsaw Industry Week 2024 and find out more about our services and products. You will find us in hall C8, stand C1.01.
